Waldorf Academy is a member of the Association of Waldorf Schools of North America® and for over thirty years has built its mission on the pedagogical insights of Rudolf Steiner to which all our teachers study and bring to life in the classrooms.

In pursuit of this mission Waldorf Academy seeks Waldorf-trained teachers primarily, however, we will consider traditionally trained teachers (B.Ed.) who have made a long-term decision to pursue Waldorf training and a career as a Waldorf teacher.

Annual professional development is an expectation of all practicing teachers at Waldorf Academy. Support includes mentoring, regular job performance evaluations, and financial

support for approved training and workshops.

Waldorf Education® recognizes that children have distinct, age-related educational and emotional needs according to their naturally unfolding stages of development.
